

MONTHLY NEWSLETTER

WE MOVED OUR WEBSITE

We're excited to announce that the Spark X website has moved back to our previous domain (www.sparkxcell.com)! While we're in the process of making updates to improve your experience, please note that some features may not be fully functional just yet. We appreciate your patience as we work to enhance our website, and we're looking forward to sharing our improvements with you soon. If you have any questions, please reach out to us directly. Thank you for being a part of our community!

AF-A57 MORALE PATCH & FIGURINES

We recently collaborated with AF-a57 to boost their operational efficiency by designing and 3D printing small figurines representing aircraft and other key assets, giving them a tangible way to visualize their real-life resources. These miniatures can be positioned over a map, allowing the team to easily track the location of their assets in real time. In addition, we assisted with developing a custom morale patch tailored to their needs.

UPCOMING CLASSES

- November 04 - 3D Printing
- November 22 - Microsoft Power Automate

Visit our website for more information and to sign up for classes

Robotics Process Automation Roadshow & Campaign

- Have an idea or process that you want to automate?
- Interested in learning ui path studio or studiox alongside dafbots developers

Submit an RPA idea and/or register for the training at: <https://gain.il4.afwerx.dso.mil/daf/rsrpa/overview>

November 12 - 15 2024, 0800 - 1530 hrs
General Jacob E. Smart Center
1359 Arkansas Rd. JBA, MD 20762
